

Reynolds Historical COLLECTIONS GALA

On April 30, The Edge of Chaos hosted an invitational event for the Reynolds Historical Collection, targeting immediate and potential stakeholders that was designed to do three things: 1) raise awareness of Historical Collections programs and materials; 2) unveil the newly renovated 3rd floor and announcement plans for the new museum exhibit space on the main floor; 3) and suggest ways in which those in attendance could help support our ongoing activities. The title of the event, “Transitions,” was used to highlight the transitioning to an era of new space and programming for the unit. The event was sponsored by Suzanne Austin, Office Of Vice Provost Student & Faculty Success, with the support of Becky Gordon, Associate VP in the UAB Development Office.
